✓ Republic Day Celebration

The Republic Day celebration was celebrated with patriotism and great zeal. Students participated in different activities of cultural programme. Parents witnessed the talents of little champs. Through speech, students shared the importance of republic day in India's history.

✓ Vocational Training

During the vocational training session kids get hands-on-training for stitching and use of sewing machine. A batch of students from grade IV to VIII learned the basics of stitching including measurement, cutting, draft making and various types of hands stitching.

✓ Maths Lab. Activities

Students participate in various mathematical activities in the maths lab. of Sford Academy. Students of all grades come in Maths Lab. and practically do counting, fraction, addition, subtraction. It helps students to understand mathematical concepts by doing

✓ 'Kitaabo' Fair Visit

Students visited Kitaabo educational fair in Jodhpur. They had explore various books, art and craft stall. They had also watched short movies, play and various interesting performances by talented artists. Kids had enjoyed participation in different educational activities. It was a fruitful visit.

✓ Computer Training

Computer training is very essential in present era. We prepare our students to be smart in the aspect of use of technology. In Computer Lab. kids of all grades learned the theory and practical of computer subject. Students of grades VI, VII and VIII got vocational training of computer hardware.

✓ Swami Vivekanand Jayanti Celebration

The general knowledge quiz was conducted at school on the occasion of Swami Vivekanand Jayanti. In remembrance of Swami Vivekanada, students shared their favourite sayings. They also come to know about the teachings of Swami Vivekanand. The National Youth Day was also observed.

✓ Basant Panchami Celebration

Basant Panchami was celebrated with great enthusiasm. During the assembly kids recited the prayer 'Hey Sharde Maa'. Students spoke the sholakas in sanskrit and tell the audience about the importance of music and knowledge in life.

✓ Chart making Activity

After learning about the concepts with classroom teachings, students cast their knowledge by making charts for display. Teachers helped them to explain and to give best pictorial presentation of the learned concepts.

✓ Science Lab. Activities

Students of grades VI, VII and VIII do the science practical and experiment in science Lab. It helps them to understand the scientific concepts in a better way on the basis of experiential learning.
